HABIB CAMPUS

At Paradigm School System Habib Campus, we believe education extends far beyond textbooks. Our student centered approach nurtures academic excellence, confidence, creativity and strong moral values in a safe, caring and inspiring learning environment.

Through smart classrooms, activity based learning, STEM21 and robotics exposure, language development, co-curricular activities and regular assessments we prepare students to become lifelong learners and responsible citizens.

Parents are valued as our partners in every child's educational journey. With a focus on character building, discipline, digital literacy, spoken English, leadership development, career guidance and continuous parent teacher collaboration, we ensure every child receives personalized attention and opportunities to excel. At Paradigm School System Habib Campus, we are committed to shaping confident, compassionate and future-ready leaders. Join the Paradigm family and experience an educational journey where excellence meets innovation.

At Paradigm School System Habib Campus, every child is empowered to dream big, think critically and achieve their full potential. Together with our dedicated educators and supportive parents we are shaping a generation of confident and compassionate individuals who will make a positive impact on society.

- Character Building & Islamic Values Integration
- Regular Assessments and Academic Progress Monitoring
- Well-Equipped Science, ICT & Robotics Labs
- Library & Reading Enrichment Programs
- Swimming Pool, Sports & Physical Education Activities
- Leadership Development & Confidence Building

WHO IS WHO?

Mr. Zaker Hussain
Executive Director

Ms. Saima Naz Warraich
Principal

Ms. Hajra Gondal
Campus Relationship Officer

Ms. Sadia Rashid
Editor & Graphic Designer

Mr. Zaker Hussain (Executive Director)

In a rapidly changing world, education must go beyond academics to develop confident, thoughtful and responsible individuals.

At Paradigm School System, we are committed to nurturing young minds who are prepared for both future challenges and lifelong success. Paradigm is more than a school. It is a modern learning ecosystem where academic excellence, technology, and character building come together. Our purpose built campus, AI-integrated curriculum, Robotics and ICT labs and project-based learning approach encourage students to explore, innovate and apply knowledge meaningfully.

Our collaboration with Horizon Montessori, Texas (USA) brings internationally recognized teaching practices into our classrooms, ensuring global standards in education. Beyond examinations, we focus on personality development and confidence building, preparing students not just for academic achievement but for life. We invite you to join the Paradigm community and partner with us in shaping a brighter future for your child.

Ms. Saima Naz Warraich (Principal)

At Paradigm School System Habib Campus, our goal is to prepare students for real life not only for examinations. We focus on developing confident learners who are digitally aware, responsible and ready to thrive as global citizens in today's fast changing world. Our learning environment encourages curiosity and positive values that help students grow into well-rounded individuals. We offer a complete learning pathway from Montessori to Middle and Secondary levels following a child centred and project based learning approach.

Through an AI-integrated curriculum, students learn to use technology in meaningful ways while solving real world problems Hands on activities, teamwork, and practical experiences make learning engaging, relevant and enjoyable. Our dedicated teachers ensure quality learning and teaching by understanding and meeting the individual needs of each child. Equal importance is given to holistic development, supporting students' academic, emotional, social and moral growth. Modern teaching techniques and continuous guidance help children build confidence, creativity and lifelong learning skills.With a state-of-the-art campus, modern facilities and an affordable fee structure, Paradigm School System Habib Campus is committed to providing high quality education for all.

Leading with Vision: Principal's Welcome

Paradigm School System Habib Campus warmly welcomed our respected Principal **Ms. Saima Naz Warraich**. With a strong commitment to quality education, innovation and character building, our Principal played a vital role in guiding students towards academic excellence and personal growth. We are proud to have such dedicated leadership and look forward to achieving new milestones together. We wish our Principal continued success in leading our school community towards excellence. Her vision, dedication and passion for education continue to inspire both students and staff to strive for their best. Under her guidance, the school fosters a positive learning environment that encourages creativity, confidence and lifelong learning.

A Warm Welcome of Executive Director

Mr. Zaker Hussain Executive Director PSSHC, was warmly welcomed by Principal Ms. Saima Naz Warraich, Director Operations Mr. Hafeez Ahmed, Principal Superior University Programmes MBD, Mr. Kashif Sheikh, the faculty and Students of Paradigm School System Habib Campus. With a strong vision for quality education and student success, his leadership continues to inspire growth, innovation and excellence throughout our learning community. We are honored to have his guidance as we work together to provide the best opportunities for our students and shape a brighter future. We extended our heartfelt gratitude for his visit and unwavering support in fostering a culture of quality education and continuous growth.

First Day of Academic Session 2026-27

Our students arrived with bright smiles, eager minds and a sense of anticipation as they stepped into their classrooms on first day of Academic session 2026-27. It was wonderful to see new friendships forming, familiar faces reconnecting and teachers warmly welcoming them. Staff was delighted to begin this journey together and look forward to a year of achievement, creativity and memorable experiences for every student.

Morning Assembly Programmes

Our Morning Assembly Programmes continued to provide students with valuable opportunities to develop confidence, leadership and public speaking skills. Through presentations, speeches, thought-provoking messages and cultural performances, students actively participated in promoting important values such as respect, responsibility and teamwork.

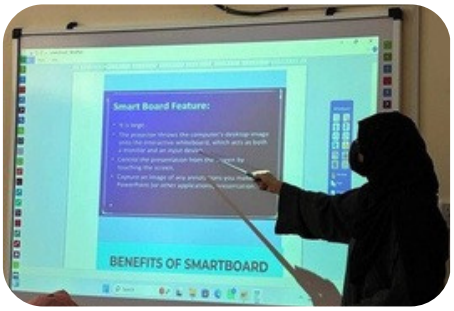

ICT & Robotics Activities

Students enthusiastically participated in ICT and robotics activities designed to enhance their technological knowledge and problem-solving abilities. They explored innovative concepts and developed essential digital skills through hands-on projects, coding exercises and robotics challenges.

A visit to Head office Lahore

This visit to the Head Office in Lahore provided an excellent opportunity for engagement, collaboration, and professional learning. The visit included insightful discussions on organizational goals, ongoing initiatives, and future plans. Participants gained valuable perspectives through interactions with the management team and exposure to best practices and operational processes. The experience also strengthened professional relationships and encouraged the exchange of innovative ideas that will contribute to improved performance and future organizational success.

MOU signed with STEMP21

A significant milestone was achieved with the signing of an MOU with STEMP, strengthening our commitment to innovation and STEMP education. The collaboration will create new opportunities for enriching learning experiences among students. Through this partnership, we aim to empower young learners with the skills, knowledge and hands-on experiences needed to thrive in a rapidly evolving world.

Interactive Sessions in Superior University Campus

A series of insightful sessions were conducted at Superior University Campus by Principal Ms. Saima Naz Warraich and Professor Usman Ali. The sessions focused on innovation, emerging educational trends and future-oriented learning practices providing valuable insights into modern education and fostering a forward-thinking approach to learning. The interactive discussions and knowledge-sharing activities inspired participants to embrace creativity, critical thinking and continuous professional growth in the evolving educational landscape.

Red Day

The Red Day Celebration at Paradigm School System was organized with great enthusiasm and excitement. Students came dressed in various shades of red and participated in fun-filled activities designed to enhance their learning through observation and creativity. The event helped young learners identify and appreciate the color red in their surroundings while developing their communication and social skills

EPL Resources in Montessori

Montessori classrooms are enriched with a wide range of Exercises of Practical Life (EPL) resources designed to foster independence, concentration, coordination, and self-discipline among young learners. These carefully selected materials provide children with hands-on learning opportunities that help develop essential life skills while nurturing confidence and a sense of responsibility.

Mothers' Day

Mother's Day was celebrated with great warmth and enthusiasm at Paradigm School System to honor the unconditional love, care and sacrifices of mothers. Students expressed their gratitude through heartfelt performances, creative cards and special activities dedicated to their mothers. The event created memorable moments for students strengthening the bond between families and the school community.

Check Point 01

Checkpoint 01 was successfully conducted at Paradigm School System to evaluate students' understanding and progress across various subjects. The assessment provided an opportunity for learners to demonstrate their knowledge, skills and conceptual understanding acquired during the academic term. The assessment reflected the school's commitment to maintaining high educational standards and fostering academic excellence.

Parent Teacher Meeting

A successful Parent-Teacher Meeting was conducted, providing a valuable platform for meaningful discussions on students academic progress, strengths and areas for improvement. The interaction strengthened the partnership between parents and teachers, ensuring continued support for each student's growth and development.The meeting facilitated constructive discussions aimed at identifying strategies to enhance student learning and overall development.

Project-based Learning

Project-Based Learning (PBL) continues to play a vital role in enhancing students' educational experiences. Through engaging, hands-on projects, students explored real-world concepts, collaborated with their peers, and applied classroom knowledge to practical situations. These activities encouraged critical thinking, creativity, communication and problem-solving skills while promoting active participation and independent learning.

Resource Room

Resource Room is further enhanced with the integration of a Smart Board creating an interactive and technology enabled learning environment. This modern facility supports students who require additional academic assistance by making lessons more engaging, visual, and easy to understand. Through the use of digital tools and multimedia content, teachers are delivering more effective and personalized instructions to our young learners.

Visit of Chairperson Dr. Hafiz Zafar Iqbal

Paradigm School System had the honor of welcoming its Chairperson, Dr. Hafiz Zafar Iqbal, whose visit was a moment of great pride and inspiration for the entire school community. During the visit, Dr. Zafar Iqbal observed academic facilities provided to the students and interacted with staff, appreciated the efforts being made to ensure quality education and holistic development. His encouraging words and valuable insights further motivated the faculty to continue striving for excellence and innovation in teaching and learning practices. The visit concluded on a highly positive note, reinforcing the institution's commitment to maintaining the highest standards of academic excellence and student development.

STEMP21 Projects

At Paradigm School System, STEMP (Science, Technology, Engineering, and Mathematics) projects are designed to provide students with engaging, hands-on learning experiences that promote creativity, innovation and problem-solving skills. Through practical activities and experimental learning, students explore real-life applications of scientific and mathematical concepts enhancing their understanding and curiosity. This approach reflects the school's commitment to nurturing curiosity, innovation and real world application of knowledge among students.

Free Summer Camp

Paradigm School System organized a Free Summer Camp to provide students with a fun, engaging and productive learning experience during the summer break. The camp included a variety of creative and skill-based activities such as art and craft, sports, storytelling, basic academics and personality development sessions. Students actively participated in hands-on learning experiences that promoted creativity, confidence, teamwork, and social interaction. The initiative aimed to make students' summer vacations meaningful while nurturing their talents in a safe and supportive environment.

MOU Signed with Ali Sherazi Tent Pegging Club

As part of our commitment to providing diverse learning opportunities beyond the classroom, our institution signed a Memorandum of Understanding (MoU) with Ali Sherazi Tent Pegging Club. This partnership reflects our shared vision of promoting horse riding and equestrian sports while encouraging students to develop confidence, discipline, teamwork, and physical fitness. Through this collaboration, students will have the opportunity to experience professional training and engage in activities that foster both personal growth and sporting excellence.

Horse Riding Club

Horse Riding Day offered students a unique opportunity to step beyond the classroom and experience the thrill of equestrian learning in a safe and supportive environment. Under the guidance of professional instructors, students were introduced to the fundamentals of horse riding, including proper riding posture, safety practices, horse handling, and basic riding techniques.

The experience encouraged students to build confidence, improve balance and coordination, and develop discipline, patience, and responsibility while interacting with the horses. Filled with enthusiasm and excitement.

Movie Day

Movie Day provided students with a refreshing enjoyable break from their regular academic routine while promoting learning through visual storytelling. The event created a relaxed and engaging atmosphere where students could learn, reflect, and connect with their peers. More than just entertainment, Movie Day served as an opportunity to reinforce positive values, inspire imagination, and foster a love for learning in an enjoyable and interactive setting.

MOU Signing Ceremony Between Paradigm School System (Habib Campus) & Chamber of Commerce and Industry MBD

Paradigm School System (Habib Campus) proudly announces the signing of a Memorandum of Understanding (MOU) with the Chamber of Commerce and Industry MBD, marking the beginning of a strategic partnership dedicated to strengthening the connection between education and industry.

This collaboration aims to provide students with meaningful opportunities for professional exposure, career guidance, entrepreneurship awareness, leadership development, skill enhancement, internships and industry engagement.

By combining academic excellence with practical learning experiences, the partnership will help prepare students to meet the evolving demands of the 21st Century workforce.

The MOU reflects a shared vision of nurturing future leaders, innovators, and responsible citizens while contributing to the educational and economic development of the community.

Paradigm School System extends its sincere appreciation to the Chamber of Commerce and Industry MBD for its trust, support and commitment to empowering the next generation.
